

# S 801 PM

## MONITOR

### MODERN DESIGN AND PERFORMANCE

The Jamo Studio 8 Powered speakers feature contemporary materials and minimalist Danish design in compact, wireless cabinets with integrated power for a simple yet powerful sound experience.

### INTEGRATED TECHNOLOGY FOR SIMPLE SETUP

The S 801 PM is ready to play, right out of the box. The built-in amplifier with Bluetooth, analog, USB inputs and a subwoofer output provide simple connections for a full and easy to use sound experience.

### SMALL CABINET, BIG SOUND

Utilizing 1" soft dome tweeters for smooth, refined high frequencies and a 4" polyfiber woofer for balanced musical low end, the compact cabinets of the S 801 PM allow for extremely versatile placement options while treating the listener to dynamic, true-to-life audio reproduction. The S 801 PM is specifically designed to provide exceptional output and balanced, full sound in any application despite the small stature.

### MAGNETIC GRILLES

Fully magnetic grilles – no mounting holes or push pin provide a clean, minimalistic front baffle design, while the large woven linen grille cloth creates visual interest with heavy texture.
